### 1.0 Aims

The aim of this plan is to show how Meltham CE Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

### 2.0 Roles and Responsibilities

Responsibilities for targets and actions are defined by role in the tables in section 3.0.

## 3.0 Accessibility Plan

### 3.1 Areas of planning responsibilities

- Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits)
- Improving access to the physical environment of schools (this includes improvements to the physical environment of the school and physical aids to access education)
- Improving the delivery of written information to disabled pupils (this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe)

### 3.2 Current Context

The school is fully wheelchair accessible apart from the upstairs classrooms. A physically disabled pupil has been admitted to our Reception Class and we have made adjustments to toilets and lunchtime procedures. There are hearing induction loops in the main hall and the studio. The school responds to the needs of its current pupil, parent and staff group each year.

### 3.3 Increasing access for disabled pupils to the school curriculum.

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes.

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits.

### 3.5 Improving the delivery of written information to disabled pupils

The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe. In planning to make written information available to disabled pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The schools ICT infrastructure will enable us to access a range of materials supportive to need.
